

Concrete Hopper

Concrete Hoppers - This attachment is a self-dumping hopper that automatically activates to unload when bumper release touches the side of a dumpster. Once dumping is completed, the hopper goes back to a locked and upright position. This particular piece of machinery is even accessible along with a cable which enables operation from the seat of the forklift so as to have the option of manually unloading the hopper. There is a locking chain provided in order to lock the hopper to the fork truck. This product is made with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper likewise has a blue powder coat finish to be able to maintain durability.
